INDEX TO VOLUME VIII

Actinomycosis, intracranial, 674

ADAMS, J. E. Tracer studies with radioactive phosphorus (P^{32}) on the absorption of cerebrospinal fluid and the problem of hydrocephalus, 279

Albright's syndrome: See Dysplasia

ALEXANDER, E., JR., BEAMER, P. R., and WILLIAMS, J. O. Tumor of the glomus jugulare with extension into the middle ear (nonchromaffin paraganglioma or carotid-body-type tumor), 515

American Academy of Neurology, 134, 245, 456

American Board of Neurological Surgery, 134, 456

ANDERSON, R. Diodrast studies of the vertebral and cranial venous systems to show their probable role in cerebral metastases, 411

Aneurysm, intracranial
- arteriovenous, cured by clipping middle cerebral artery, 335
- deliberate thrombosis of, 348
- multiple cerebral, 132
- saccular arterial, arteriographic demonstration of spasm of, 660
- treatment of, 75

Angiography, cerebral: See also Venography
- carotid, in demonstration of collateral cerebral circulation, 269
- complications of, 110
- demonstration of spasm of arteries by, 660
- diagnosis of spontaneous thrombosis of carotids by, 631
- diagnosis of traumatic intracranial hemorrhage by, 368
- experimental evaluation of, 556
- experimental evaluation of contrast media, 435, 585
- normal with brain tumor, 322
- of vascular anomalies, 3
- technique of, 545

Apparatus: See also Instruments
- for constant ventricular drainage, 450
- model of ventricular system, 454
- stereoencephalotome, 452

Arachnoiditis, opticochiasmatic
- results of surgical treatment, 355
- tuberculous, 441

ARNSTEIN, L. H., BOLDREY, E., and NAFFZIGER, H. C. A case report and survey of brain tumors during the neonatal period, 315

ASHKENAZY, M., DAVIS, L., and MARTIN, J. An evaluation of the technic and results of the radioactive di-iodo-fluorescein test for the localization of intracranial lesions, 300

Association for Research in Nervous and Mental Disease, 456

Astrocytoma, with subarachnoid bleeding, 236

BARELLI, P. A. See Williamson, W. P., 231

BASSETT, R. C. Surgical experiences with arteriovenous anomalies of the brain, 59
- Multiple cerebral aneurysm. Report of a case, 132

BEAMER, P. R. See Alexander, E., Jr., 515

BELLER, A. J. The syndrome of brain abscess with congenital cardiac disease. Report on a case with complete recovery, 239

BERGMAN, P. S. See Cohen, I., 225

BERING, E. A., JR. A simplified apparatus for constant ventricular drainage, 450

BLACKWOOD, W., MOSBERG, W. H., JR., and ROBINSON, P. K. Brain tumour with normal air encephalography and arteriography. Report of an unusual case, 322

Blood vessels: See also Aneurysm
- angiomatous malformations, role of, in production of hematomas, 564
- anomalies, pathology of, 3
- arteriovenous anomalies, surgery of, 59
- carotid, effect of unilateral ligation of, 38
- carotids, spontaneous thrombosis of, diagnosed by angiography, 631
- cerebral arteries, spasm of, demonstrated by arteriography, 660
- glomus jugulare, tumors of, 515
- internal carotid, complications of ligation of, 119
- superior longitudinal sinus, resection of, 103
- venous sinuses, danger of air embolism in removing meningiomas along, 494

BLOOR, B. M. See Margolis, G., 564

——, WRENN, F. R., JR., and HAYES, G. J. An experimental method for the evaluation of contrast media used in cerebral angiography, 435

——, ——, and MARGOLIS, G. An experimental evaluation of certain contrast media used for cerebral angiography. Electroencephalographic and histopathological correlations, 585

BOLDREY, E. See Arnstein, L. H., 315

Brain
- abscess, paradoxic, in congenital cardiac disease, 225, 239
- actinomycosis of, 674
- collateral circulation of, 269
- disease, dural sinus venography in diagnosis of, 23
- effect of coagulating currents on, 423
- infarction producing ventriculographic changes suggesting tumor, 536
- intracranial pressure and blood flow, relation of, 46
- lobotomy, prefrontal, for relief of pain, 405

Brain injury: See Cranium; Head injury

Brain tumor: See Intracranial tumor
